

# ALUMINIUM POLYAMIDE 47 WINDOWS

We are proud to introduce our Aluminium Polyamide Window System, offering improved thermal properties, slim profiles and affordable dual colour options.

- **Black outside white inside is very affordable with this system.**
- **Dual colour option** now available at greatly reduced costs compared to previous systems.
- **Polyamide** thermal break technology gives improved thermal insulation and increased strength.
- **Meets Doc L** (April 2010-Conservation of Power).
- **Slim-line** using the natural strength of aluminium to let in the maximum of light.
- Our integrated **Blinds** may be fitted within this system. (Inside the sealed unit)

## Standard RANGE OF COLOURS

White on the inside you chose the Colour on the outside

KL9007M	KL9001	KL6009M
KL8014	KL8019	KL7016M
